ACKNOWLEDGEMENTS

This is really an appreciable curriculum of T.U. because it helps the students to express their theoretical concept gained during the study period into the practical field. So, being concerned to thesis, I have also got a chance to express my theoretical concept gained from class and library study into this practical field. The present study “**SAVING, INVESTMENT AND CAPITAL FORMATION IN NEPAL**” has been prepared for the partial fulfillment of the requirement for Master Degree in Business Studies.

At first, I would like to pay thanks to my father and mother as well as my family who headed me towards the light of education and path of truth. Due to their non-stopping effort for guidance, today I come in this position. So I would like to share the credit of my success with them. I'm really indebted by them.

After this, I would like to express my cordial gratitude to my all teachers. For this dissertation, I would like to pay my sincere thanks to my thesis advisor, **Mr. Kishor Maharjan**, Shanker Dev Campus. Their incessant suggestion and guidance from the beginning to the end is really an appreciable effort.

I would also like to express my gratitude to all other members of Shanker Dev Campus, library staffs who supported as well as inspired me to complete this thesis. Similarly I am very grateful to all the staffs of Nepal Rastra Bank, for providing me sufficient materials and suggestions.

Last but not the least I am greatly indebted by my all friends and family members. In this regard, I'm grateful to my friends Panchaskar Shrestha and Suman Mool for their motivational effort and support even though they have very busy hour.

Advices, Recommendations and suggestions are whole-heartedly welcomed. Thanks.
