ACKNOWLEDGEMENT

This is really an appreciable curriculum of T.U. because it helps the students to express their theoretical concept gained during the study period into the practical field. So, being concerned to thesis, I have also got a chance to express my theoretical concept gained from class and library study into this practical field. The present study **“Profit planning in manufacturing company”**. A case Study of **Popular Plastic Pvt. Ltd.** has been prepared for the partial fulfillment of the requirement for Master Degree in Business Studies. I owe a dept of gratitude to my respected thesis supervisor Mr. Lalan Dwibedi, Lecturer of management faculty in Thakur ram multiple campus for patiently guiding me in the completion of this thesis. Apart from the guidance he gave me moral support, encouragement and comments. It was due to his scholarly guidance and creative suggestions that I was inspired and could complete the thesis in time and also, I would like to express thanks to associate professor & chairman of research committee Dr. Deepak Sakya & all faculty member of management department of this campus.

I would also like to express my gratitude to Mr. Rajan Gupta of Popular Plastic Pvt. Ltd. who gave me valuable suggestions and sincere co-operation.

I would like to express my hearty thanks towards all the members of my family who provided me financial support for the study. I would like to thank Miss. Priyanka Sah for the Computer Processing. Who help me directly and indirectly to give a final shape of this thesis.

At last, I do not like to state that this report is complete and limitation and short coming because of constraints of time and resources. I am alone responsible for any defects of analysis or errors in this study.
