## **ACKNOWLEDGEMENT**

This study is mainly concern with the analysis of “**RIGHT SHARE PRACTICE AND ITS IMPACT ON SHARE PRICE IN NEPALESE COMMERCIAL BANKS.**” It has been prepared as per the course of Master of Business Studies, second year. This report has attempted to explore the impact and practice of right share especially in Nepalese commercial banks. There are several hands behind the completion of this thesis. Therefore, I would like to express my heartfelt gratitude to all respondents for their valuable suggestions, help and support.

I am extremely grateful to my thesis supervisors Prof. Amuda Shrestha and Dhurba Subedi, who gave me fruitful suggestions and guidance to frame out this report and Tribhuban University for their generous encouragement and undertaking the supervision of my entire research work.

I would like to thank the officers and staffs of NEPSE together with staffs of various commercial banks for making me available needed resource materials and data. I also want to remember the librarians of Shankar Dev Campus and Central Library, T.U., who have helped me a lot by providing necessary books, thesis and information as well. Similarly I express my thanks to the staffs of the Thesis Department for their kind co-operation, help and support.

I am thankful to my friends who directly or indirectly supported me during my research, especially MS.Pabitra Sapkota and Mr.Binod Thapa being with me all the time till the completion of this research. At last, I would like to express my sincere gratitude to my parents for always encouraging and inspiring me in whatever way it is possible.

Ram Prasad Sapkota
