ACKNOWLEDGEMENTS

This piece of research work has been prepared especially for the partial fulfillment of MBS course under Tribhuvan University of Nepal. This thesis has come in the shape not by the role effort of me but by the contribution of many individuals and institutions. I take this opportunity to acknowledge those contributing hands. This thesis has aimed to analyze Factors Influencing Interest rate On Nepalese commercial bank.

First, I would like to acknowledge the deepest gratitude to my thesis supervisor Lecturer Siva Prasad Pokharel, and Reader Yugraj Bhattarai without whose valuable guidance and cooperation the thesis would not have come in this form.

I would also like to express my gratitude to all other members of Patan Multiple campus, especially, staffs from MBS department, libraries staffs who supported as well as inspired me to complete this thesis.

It gives me immense pleasure to acknowledge Mr. Rajib Shrestha, Ms. Sabina Kharbuja, Mrs. Sova Awale and Mr. Anish Pradhan for their valuable support in computer typing. Similarly my friends, family members also deserve my sincere gratitude for their valuable suggestion, cooperation and encouragement.
