ACKNOWLEDGEMENT

It is my pleasure to conduct the study on "*Nepalese Stock Market Growth, Problem and Prospect*". The study report has been prepared as a partial requirement for the degree of Master's of Business Studies, Faculty of Management, Tribhuvan University, Shanker Dev Campus, Putalisadak, Kathmandu.

This study has been done to assess the growth, problem and prospect of stock market of Nepal. During the study period, I got the opportunity to interact with different experts and practitioners in the related field which was the main inspiration for me to study more in this area.

I express my deep sense of gratitude and heartfelt thanks to my respected thesis supervisors Achyut Raj Bhattarai, Associate Professor, and Shree Bhadra Neupane of Shanker Dev Campus, Faculty of Management, T.U. for their keen interest, valuable guidance and encouragement during the entire period of my research work. I am extremely obligated to the personnel of Shanker Dev Library and Central Library of Tribhuvan University.

I am very much thankful to Prof. Bisheshwor Man Shrestha, Head of Research Department for his continuous support and motivation during the preparation of this thesis. Similarly, I will like to pass my hearty regard and thank to all the respondents for their keen interest in filling the questionnaire. Finally, I would like to thank all my friends who helped me directly or indirectly in different stages of my study program.

I wish this study will help to all interested candidates in the field of financial sector reform. This work has been completed in short period of time. Hence, there may be shortcomings, lacking and mistaken. I always welcome for the comments from all those well wishers. Needless to say, I am alone responsible for any deficiencies may have remained in this work.
