## ACKNOWLEDGEMENTS

This research report on "**A Study on Trends, Challenges and Prospects of Nepalese Stock Market: NEPSE**" has been prepared in partial fulfillment of the requirements of the degree of **Master of Business Studies (MBS)** academic program launched by Tribhuvan University under the faculty of management. While preparing the thesis report the data and statistics have been extracted from published sources. I am confident that this thesis report will prove useful to the students and others who want to know about Nepalese capital market's functioning.

I would like to appreciate the support and advice given by all the concerned related to this thesis work. My special thanks go to our beloved sir **Lecturer Mr. Tanka Subedi** for his invaluable guidance and support throughout the thesis project period. I would also like to extend my gratitude to respected **Campus Chief of Dibya Jyoti Multiple Campus Mr. Krishna Bandhu Paudel** and staffs at Nepal Stock Exchange Limited for their time to let me interview with them and for providing the data as required. I would also like to thank my parents, without whom I would not have been what I am today. I would like to express the sense of gratitude to the authors of the books from which I have taken for reference. And I would like to thank the managers at the broker's offices for providing the consolidated data for last decade of Nepal's stock market performance.

The acknowledgements to the thesis report will be incomplete without by expressing a great sense of gratitude to **Mr. Ganesh Pantha** for supporting me in the typesetting and printing the thesis report. Finally, I would like to thank my wife **Mrs. Rita Paudel** for supporting and creating home environment conducive to undertaking this great project.
