ACKNOWLEDGEMENT

I extend my sincere gratitude to supervisor Prof. Dr. Kamal Das Manandhar, Lecturer of Shanker Dev Campus for his valuable guidance, suggestions, timely supervision and cooperation in completing this thesis work, without whose efforts this thesis would not have come out in this manner.

This thesis has also been influenced by a number of standard and popular textbooks, journals, articles etc. As far as possible, they have been duly acknowledged at the appropriate places. I am thankful to all of them. I am very grateful to my family, friends, colleagues and others for their kind co-operation and support during the research period. I wish to express my special appreciation to my family who always created the environment for my success.

I am thankful to the librarians of Shanker Dev Campus and Central Library for providing me with related books and thesis and the entire teacher involved there who made me capable of writing this thesis, I am alone responsible for whatever weaknesses it may still contain.
