ACKNOWLEDGEMENT

This thesis entitled “*NRB Unified Directives on Capital Adequacy Norms and Its Impact With Reference to Nepal Industrial and Commercial Bank Limited*” has been prepared in partial fulfillment for the Degree of Masters of Business Studies (MBS) under the supervision of Prakash Singh Pradhan and Dhurba Subedi.

In the course of preparing my partial fulfillment, many more person’s help and co-operation is needed from different sectors but mentioning the entire name is not impossible. However, it will be matter of injustice if I forget the names of those personalities whose valuable suggestions and co-operation escorted to complete this thesis.

First and foremost, I would like to offer special thanks to Prakash Singh Pradhan and Dhurba Subedi for their proper supervision and suggestions. I would like to thank Mr. Rajesh Raj Gautam, Manager, Nepal Industrial and Commercial Bank Limited for his immense co-operation for providing me the necessary data during the research work of this thesis. Also, I would like to thank Mr. Ajaya Luitel who encourage me to write this thesis on Capital Adequacy norms and its impact by providing me the relevant information and data, which helped me preparing this thesis study. Thanks to all of them.

I could not remain without thanking to my teachers and lecturers, who all helped me during my study of MBS and during preparation of this thesis study. I am also thankful to my seniors and friends of Nepal Credit and Commerce Bank limited especially Beni Bahadur Khatri, Bishnu Hari Shrestha and Shrawan Kumar Shrestha who were always with me on every moment of hard times to tackle the situation while preparing it.

It was a novel experience of doing a thesis work, which certainly helped me to gain deep knowledge in the subject. But accomplishment of the objective was not easy. The foremost difficulty was the scarcity of adequate data and information, which I experienced as the most difficult work during any type of research study in Nepal. Nevertheless, it was pleasant feeling to accomplish the thesis finally.
