ACKNOWLEDGEMENT

I would like to express my thanks to all the individuals and organizations that have helped me directly and indirectly during the research period.

My sincere thanks and gratitude goes to my supervisor Jiban Mani Poudel for his instructions that led the research to this stage. I am immensely indebted to him for his constructive guidance and advice from the early stage of this research without which the research would not have come to this stage. I am also thankful to my family for their support. I would like to special thanks to Phanindreshwor Poudel for his external supervisor

Finally, I would like to thank all my colleagues and fellows for their support and assistance during the field visit as well as during data processing and thesis preparation.
