ACKNOWLEDGEMENT

This thesis, “**Right Issue and Its Impact on Share Price**” has been prepared as a partial fulfillment of requirement for the Master Degree in Business Studies, MBS. As practice of issuing rights share is comparatively a new phenomenon in Nepalese Security Market, this study has explored the problems and impacts of rights issue in Nepalese context.

This research is an outcome of the combination of efforts. So, many visible and non- visible hands are equally contributor for the completion of this study. I am indebted to all those who have helped me with their ideas and works to complete this research. In this regard, I would like to extend my profound gratitude to my most respected teacher, who is the essential stakeholders of the findings, Rishi Raj Gautam for his kind co-operation and encouragement through the research period.

Last but not the least; I would like to extend my utmost gratitude to my Husband Mr. Jyoti Upadhyya Luitel, and all other family members for their support and encouragement in every step in my life. I would also like to thank all those friends whose direct and/or indirect help remained vital in the completion of this research.
