ACKNOWLEDGEMENT

First of all, I consider myself to be very fortunate to get an opportunity to study and complete my thesis under the guidance of my respected supervisor **Prof. Dr. Devendra Prasad Shrestha**, who generously took time out of his own busy schedule and provided me with a continual stream of creative suggestions encouragement to complete this report.

I am also very much grateful to dear my friends Kapil, Bishnu, Hari Chandra and Achut for their continuous support and suggestion. I would also like to thank my mother for her continuous financial support to complete this thesis.

Last but not the least, my special thanks goes to my respondent of my study area of Kathmandu Metropolitan City in the absence of which this report would not has come to this shape.

Dipak Khanal
