## ACKNOWLEDGEMENTS

This study has been prepared for partial fulfillment of the requirement for the master degree in business studies. It is my privilege to complete this thesis entitled "**A Study of Investors Attitude and Anticipation of Earning**", which tried to analyze the investor's attitude in Nepalese Security Market.

I would like to express my hearties gratitude and sincere thanks to my thesis honorable supervisor Prof. Snehalata Kafle and Pitri Raj Adhikari, Shanker Dev Campus, who encouraged me from the initiation to completion of this task with his scholar guidance and profound comments and suggestion. And further more I would like to thank chairman of Research Department, Prof. Bisheshwor Man Shrestha.

I would like to express my sincere thanks to Mr. Labu Ghimire and Surakshya Shrestha, who helped me on the collection of all questionnaires and information from investors, without which the study would never been completed. Likewise, I would like to thank all the respondents who helped me in the collection of opinions through research questionnaires. Additionally all the staff members of NEPSE, SEBO and T.U. Central Library also deserves the word of thanks.

Besides this, I would like to express my appreciation to all the investors (Institutional and Individual) and the Broker who helped during the preparation of thesis.

Lastly but not the least, I would like to express my sincere gratitude to my beloved parents who had inspired me during entire period of my study.
