ACKNOWLEDGEMENTS

The thesis entitled "Investors' Preferences and Expectation in Financial Instruments" is a part of Degree of Masters of Business Studies (MBS). To bring this thesis in present form many teachers, friends, and colleagues have helped me with a lot of suggestions and guidelines.

I express my sincere honor and special sense of gratitude to my academic supervision, Mr. Indra Chapai for his generous guidance, thoughtful encouragement and brilliant insight throughout this research work. I am also grateful to my revered and respected Campus Chief Dr. Ishwor Gautam and Head Of Research Department Mr. Tara Prasad Upadhyaya for their encouragement, support and inspiration.

I would further like to extend my thankfulness to the concerned companies and institutions like Security Board, Nepal Stock Exchange, Nepal Rastra Bank who helped me with the needful data and information. The Library of Lumbini Banijya Campus also provided me the reference materials; therefore i am also indebtedness towards the family of the library.

I am extremely indebted to my parents and friends who have contributed their valuable time and resources in making me what I am now. My sincere thanks also go to my husband Baburam Bhusal for his encouragement to complete the research work in the entitled topic.
