DECLARATION

I hereby declare that this thesis has not been submitted for candidature for any other degree.

Mr. Purushottam khatiwada

ACKNOWLEDGEMENT

The successful completion of this dissertation is the result of valuable guidance and supervision of Mr. Birendra Karki, Asst.Lecturer Mr. Sanjeev Kumar Yadav and Mr. Manoj kumar chaudhary, janta multiple campus Itahari. The study would have been in complete without his continuous inspiration and guidance.

Similarly, I would like to thank my all respected teachers and staff of Health Education Department of Janta multiple campus for their co-operation during the study.

I would like to thank all the respondents, Bachelor level students of Dhankuta Multiple Campus and teacher of the campus for their kind co-operation in collecting data. I must appreciate the kind help of all my friends mainly Matrika acharya, Pralad siwakoti and purna prasad fuyal during the study.

I express a special thanks to my wife Sita khatiwada (bhattarai) and my daughter Reecha and preeza as well as to my all family member for their continuous support in preparation of this dissertation. Lastly I must express my gratitude to my parents Mr. Netra khatiwada and Mrs. Nirmala khatiwada for their continuous suggestion and support to me in pursuing my higher education.

-Purushotam khatiwada

ABSTRACT

The title of this study is Situation Analysis of Sexual Harassment in Dhankuta Multiple Campus. This study was undertaken to find out the situation of sexual harassment among the Bachelor level female student of Dhankuta Multiple Campus. The study was carried out on the basis of primary data. The participants were selected using the random sampling design. The collected data was loaded edited and processed manually. Number and percent were major statistical measure for analyzing and interpreting the data.

There are six chapters in this research report. The first chapter deals with the background of the study and statement of the study, significance of the study, the objective of the study among others. In chapter second there is review of various literatures related to the study while chapter third includes the research methodology; similarly there is analysis and interpretation of data and major findings of the study in the chapter fourth. The chapter fifth deals with conclusion, recommendation, policy implication and further research issue.

The study showed that out of the total respondent forty two percentages i.e. less then fifty percentage of respondent had experience of sexual harassment. The study has mentioned the various forms of sexual harassment faced by the female students in the campus. The study also attempted to reveal the effect of sexual harassment physical and psychological faced by the victim student. And there reaction after they experienced sexual harassment. It also showed the impact of sexual harassment in the study of the victim.

The study also suggested the prevention measure that can be adopted to minimize the incidence sexual harassment seen in the education institution. Furthermore, the study has suggested the administrations of the education institutions and related government bodies to take initiative to control sexual harassment in the education institutions. Such type of study is necessary to conduct in other sectors also.
