ACKNOWLEDGEMENTS

I wish to express deep gratitude to Mrs. Mira Gautam, Prof., Shankar Dev Campus, Putalisadak for her cordial cooperation and valuable supervisions, without which this thesis would not have come into existence. Her intellectual guidance was of immense inspiration for me.

I would like to thank staff of Nepal Rastra Bank and staff of Securities Board, Nepal for providing necessary data to conduct this thesis and would like to thanks to all the respondents, who restored questionnaire timely.

I would be failing my duty if I do not express my gratitude to my husband, brothers and sister, whose unending inspiration and immense love have carried me through to the present status.

I hope this small effort of mine will be of great value to those who are involved in debt securities market and all the other future researchers of this area.

Needless to say, to error is human and I am no exception, so I alone am responsible for any deficiencies that may have remained in this work.
