ACKNOWLEDGEMENTS

First, I would like to thank Tribhuvan University for giving chance to prepare the thesis for a partial requirement to the fulfillment of M.B.S. program held under T.U.

I express my profound gratitude to my thesis supervisor **Dr. Radhe Shyam Pradhan, Mr. Santosh Mainali and Mr. G.D. Dahal**, for their constant encouragement, patient guidance and valuable supervision at every stage of my research work. This work would not have been materialized at the present shape without their incisive observation and intellectual direction. I wish to express my deep gratitude to them.

I also owe an indebtedness to all reputed authors whose writings have provided me the necessary guidance and invaluable materials for the enrichment of my research paper in all possible ways. I would like to express my genuine appreciation to all the professors, readers as well as the staff members of Global College of Management, whose suggestions and cooperation made me able to complete this thesis. I am also thankful to individual who gave their valuable time on my questionnaire survey and helped me to gather primary data.

At last but not the least, my paramount dedication is to my family members who have been uninterrupted source of sustain for me while in during the tribulation of this research work. My special thanks goes to my friends Mr. Neeraj Kasaju and Pradeep Panthi for their incessant prop up and assist on the way of doing this research work.

Moreover, it is needless to say that to err is human and I am also no exception, so I apologize for any errors and mistakes committed in this thesis work.
