ACKNOWLEDGEMENTS

This research study on “**A Study on Problem and Prospects of Nepalese Hand knotted Carpet woolen Export**” has been prepared as the partial fulfillment of Master of Business Studies (MBS). The research has been prepared with a view to develop the model of discriminant analysis of different variables. In today’s era of globalization, Nepalese Hand Knotted woolen Carpets play a vital role in organizational. So every organization seeks for an excellent service quality management and they try to retain them in the organization. The interest of the study was aroused from the group discussion with my colleagues by realizing that no much studies have been conducted in this sector in the context of Nepal.

First of all, I would like to express my heartiest gratitude and sincere thanks to my **Project Work supervisor Mr. Ganesh Bista** who encouraged me from initial to completion of this task with their scholarly guidance and profound comment and suggestions.

My warmest appreciation goes to **Chairman of Research Committee Mr. Shyam Kaji Khatri** KIST College of Management, for his inspiration as well as contribution for my achievement. And further more I would like to thank **Principal Mr. Hari Niraula** I would also like to express my gratitude to all other respected teachers of KIST College staffs from MBS department, Research department, library staffs that directly and indirectly supported as well as inspired me to complete this Project Work.

I am also thankful to my friends who always helped and motivated to complete this Project Work.

Lastly, my heartiest thank goes to my family members and college staffs along with classmates who have supported me by providing consistent help and encouragement.
