## **Acknowledgement**

In this study, an attempt has been made to study about investment activities and performance of listed finance companies in Nepal. The main objective of this study is to analyze the investment activities and performance of listed finance companies by using descriptive as well as quantitative techniques, employing financial and statistical tools. During this thesis, I gained lot of guidelines and suggestion from my teachers, friends and others company's official.

I would like to extend my sincere gratitude to Prof. Kishor Maharjan of Shanker Dev Campus, for his guidance, supervision, encouragement and suggestions at every stage in spite of his hectic schedule. This work would not have been materialized without his observation and professional direction.

I am also grateful to Nepal Rastra Bank and staffs of Security Board of Nepal for providing me the relevant data regarding listed finance companies during this research work. Similarly I would like to express my sincere gratitude to the faculty members of Shanker Dev Campus whose cooperation and invaluable suggestion helped me a lot in course of this study. The central library, T.U. assisted me greatly in accomplishing this research work.

From the core of my heart I would like to thank all my friends specially Mamta Dahal, Chadani Mukhiya, Bhagbati Tamang, Shyam Raj Joshi and my brothers Prabin Man Maharjan, Roshan Maharjan, Nimesh Maharjan for providing me special support whenever I needed while undergoing this study.

Without the constant encouragement and support of my parents, this study would not have been completed. Hence I extend my sincere respect to my Father Naraman Maharjan, Mother Kul Devi Maharjan and all other family members.

Finally, for any error of this research work I alone should be held responsible.
