ACKNOWLEDGEMENTS

This thesis “**A study on Investment Policy of Nepal Industrial Development Corporation**” has been prepared in partial fulfillment of the requirement of Master’s Degree in Business Studies (M.B.S). This thesis writing helped me a great deal in developing basic research and competency skills. I would like to thank Tribhuvan University for providing me such an opportunity.

It’s my great prevailing to complete this Thesis for identifying the trend, structure, and pattern of investment in different industrial sectors since policy of NIDC has been prominent issue for the underdevelopment country like Nepal.

First of all, I would also like to express my sincere gratitude to Dr. Bihari Binod Pokhrel, Head of Research Department, and Associate Professor of Nepal Commerce Campus, for his worth full suggestion and kind help in this assignment. I would be very indebted to Thesis evaluation committee for evaluating of my Thesis and innumerable suggestions they provided.

Similarly, I would like to express my deep gratitude to my respected Thesis supervisor Mr. Madan Kumar Luitel, lecturer of Nepal Commerce Campus, Management Faculty, for regular supervision, worthy guidance, support, encouragement and constructive feedbacks in completion of this Thesis. Without the valuable assistance of Faculty members, this thesis would not have come in this form.

Finally, I am very grateful to NIDC for helping me in providing necessary data and information and grateful to all those people as well who supported and provided me valuable information to complete my work. I would also like to express my heartfelt gratitude to my family members and all my friends who wished every success in endeavors and helped me during my study.

I am responsible for all the errors and omissions.
