ACKNOWLEDGEMENT

I would like to express my sincere thanks and gratitude to my thesis supervisors Mrs. Ruchila Pandey Associate professor and Mr. Gobinda Bahadur Thapa, lecturer of Shankar Dev Campus of Tribhuvan University for their tremendous help, valuable guidance, support and encouraging advice. It is the happiest movement of my life to work under their guidance.

This thesis work would never have been completed, had I been unable to acquire invaluable recommendations from their guidance and incredible help and suggestions from my seniors and my close friends. I would like to extend hearty thanks to Mr. Madan Paudel for his help and cooperation in preparing thesis.

Last but not least I would like to express my deepest appreciation to my parents, and all my family members who always encouraged, supported and inspired me continuously throughout the work.

I am also greatly obliged to all those who have supported me directly or indirectly during my study.
