ACKNOWLEDGMENTS

This study has benefited from the inspiration, help, and kindness of numerous people and institution in many places. My deepest debt is to the Dalli village people who allowed me to come and kindly support my research to observe their everyday life and sharing their views about the project and its dynamics which is very much important to this study.

I am grateful to my friend Bharat Singh and his family members from Dalli to accepting me as a family members, suggestions and guiding me in his area, Indra Bahadur Rokaya Archhani and Hari Bahadur Singh from Ragda and he is office members and Sagar Shah from khalanga for their patient help with my research and in giving me access to the document of their institution and the project. I would like to acknowledge the help given to access the land and poverty documents between projects affected people and the NHP by the VDC and CDO office of Jajarkot in Khalanga.

Back in T.U I own a great debt to my supervisor Guru Dr. Surendra Mishra for his conceptual clarity and methodological insights, wonderful inspiration and closely reading my draft chapters that spurred my writing process, warmly guiding me and my study. I am grateful to my external Guru Dr. **Youbaraj Luintel** for valuable and critical comments and suggestions on my work and clarifying my thoughts. Also I am grateful to Guru Prem Chalaune for editing to remove my many sins of missed or misplaced as there is of the English and comment of my thesis draft and Guru Dr. Youbaraj Luitel sir to inspiring and encouraging to this study work the proposal writing stage to thesis draft. I would like to acknowledge the other Gurujan Dr. Tulsi Ram Pandey , Dr. Tika Ram Gautam, Dr.Madhusudan Subedi, Dr. Manahari Dakal, Posan Dahal, providing me relevant literature materials, support to carry out the work and disciplinary suggestions.

I would like to express gratitude to my study institution: Central Department of Sociology, Tribhuvan University, its Head, Professor Dr. Tulsi Ram Pandey. He had been providing the insightful information about NHP and all the staffs of this department for their kindly technical support and institutional process. And also I

would like to thanks central library of T.U .and their staffs for their kindly support to use the library.

Finally, this study has been made possible by the generous and emotional support and closely encouraging to me for this work by Dipendra Kumar R.C my mother and family member.

Last but not least, I would like to acknowledge my deep appreciation to friends and colleagues in and around central department of sociology for their delightful company, generous spirits and stimulating inspirations. To Nawaraj Ghimire, Tilak Upadhya, Sushma Maharjan, Nabina Shrestha, Manju Pandey, Sankar Shrestha, Hari Acharya, and all friends and Mr. Yugal Paudel for helping me to computer setting of my thesis draft.

Narendra R.C
