First of all, I regard as it my dispensation and providence to get an opportunity to work under the admirable supervisions of Professor Dr. Kamal Das Manandhar, and Dhruva Subedi, Lecturer of Shanker Dev Campus. Notwithstanding having abundant other assignments, they made me always believe that I had their exclusive consideration and guidance all the time. Words fail me in expressing my gratitude to them. I would also like to record my indebtness to, Dr. Kamal Deep Dhakal, Campus Chief of Shanker Dev. I would also acknowledge officials from various corporate bodies who bigheartedly made accessible the requisite information.

I should furnish my trustworthiness to my friend Mr. Suraj Gautam for supporting me during each and every stage of thesis writing. Correspondingly, I am also incredibly gratified to my friends Ms. Monica Singh, Mr. Rakesh Shrestha and Mr. Subash Bhandari who supported me during the related work.

Finally, I would like to express my genuine appreciation to the staffs of Shanker dev Campus for their kindheartedly assistance. At last but not least, my paramount dedication is to my family members and coworkers who have been uninterrupted source of sustain for me while enduring the tribulation of this work.
