ACKNOWLEDGEMENT

This study is undertaken for the partial fulfillment of Master's Degree in Economics, in the Central Department of Economics, Tribhuvan University Kirtipur. I owe my sincere gratitude to my Supervisor Professor Dr. Rudra Prasad Upadhyay for this constant guidance, creative suggestions, supervision and encouragement through the research period. It was almost impossible to present this thesis in this form without his cooperation. I would like to express my sincere and respectful regard. I also express my gratitude to all the respondents who had provided materials, given me an opportunity to share ideas and filling the questionnaire curiously in spite of their busy schedule.

I am very much grateful my sister Durga Kumari Sharma and other family members, for their perpetual supports to every aspects in completion of this study. Also, I would like to thank all who have directly or indirectly assisted to make this effort.

Bishnu Devi Neupane
