ACKNOWLEDGEMENT

This thesis entitled “Risk and Return Analysis on Common Stock of Commercial Banks in Nepal” is a Masters Degree thesis prepared as partial fulfillment of MBS course under Tribhuvan University of Nepal. It aims to analysis the risk and Return pattern on Common stock price of sampled Commercial Banks of Nepal.

I have felt a great pleasure to express my heartiest and sincere thanks to my honorable thesis supervisor lecturers Achyut Raj Bhattarai and Sashi Kumar Sharma who have guided me through out this research and I shall ever remain indebted to them for their scholarly constructive directions, useful suggestions and incentive challengeable comments during the course of preparing this thesis. Without their kindly help and valuable guidance, this thesis wouldn't have come in this form.

I express sincere thanks to all staff members of Shanker Dev Campus and Central Library who helped me directly and indirectly especially while conducting review of literature. Likewise, I express my sincere thanks to SEBON staffs for providing related information of the sampled companies.

I would like to express my heartfelt gratitude to my respected parents, and other family members, who spent their valuable time effort to make a great sacrifice for my higher education. Despite of them I am owed to them who gave me a regular inspiration and continuous contribution for secret success.

At last, regardless of the source, I wish to express my gratitude to those who may have contributed to this work, even through anonymously.
