## **ACKNOWLEDGEMENTS**

This present study entitled “**Dividend Policy and Its Impact on Market Price of Stock**” has been prepared for the partial fulfillment of the requirement of Masters of Business Studies (MBS).

I am extremely grateful to our respected teacher and the supervisor of this thesis **Dr. Manoj Kumar Chaudhary**, Professor of Central Department of Management, (T.U.) for his guidance and excellence supervision. And also I would like to extend my regards to all the staffs of Central Department of Management for their support in the administrative related works as well as their kind co-operation in preparing this thesis.

I would like to express heartily thanks towards my parents for their love and encouragement. I could not have completed my degree without their continuous and immeasurable support and inspiration. Lot of thanks to my friends, colleagues and institution for the support of complete the thesis.

I am also very much grateful to securities Board of Nepal for their comments for this research work. NEPSE and all the organizations have earned my gratitude for warm co-operation in data providing as well as more general information. Especially I would like to thank staffs of Securities Board, Nepal.

To accomplish this study, I have done the optimum effort from my level to offer precise information in the related topics and hope it will act as reliable reference to upcoming students, respective institutions as well as seekers of related studies. Finally, I am indebted to all associates who had contributed to make this thesis complete.
