ACKNOWLEDGEMENT

It is extremely gratifying to examine the risk and return on common stock investment of commercial banks its impact on the investors. This research paper is designed to highlight the methods of analyzing risk and return factors on common stock investment in the present situation. Five listed commercial banks are selected as the representative enterprises to evaluate common stock and have been compared the risk return of these banks to market. During the course of my study, I found myself fortunate enough to receive a great deal of help and pursuance from various persons and institution. I express my humble gratitude to all of them.

I express my profound gratitude to my thesis supervisor Mr. Sanjay Shrestha for their valuable suggestions, comments and continuous guidance through the period of this study. I am also grateful to Mr. Rajeswar Prasad Acharaya, Head of Research committee of the Thakur Ram multiple Campus, whose valuable suggestion and co-operation enabled me to write thesis in present form. I am thankful to Mr. jeleswar Ram, Mr. Ashok Capper and Akhilesh Timilsena, who encouraged me write thesis and give their company, valuable time and other helps.
