ACKNOWLEDGMENTS

Firstly, I would like to pay respect to family who headed me towards the light of education and path of truth. Due to their non-stopping effort for guidance, today I come in this position. So I would like to share the credit of my success with them. I'm really indebted by them. After this, I would like to express my cordial gratitude to my all teachers, who taught me up to now. For this dissertation, I would like to pay my sincere thanks to my entire thesis supervisor Asso. Prof. Ruchila Pandey of Shankar Dev Campus. Without her remarkable guidance and cooperation the research work would not have come in such condition. I would also like to express my gratitude to all other members of Shankar Dev campus, especially, staffs from MBS department, libraries staffs as well as all known and unknown people who supported as well as inspired me to complete this thesis. My next thanks go to all the staffs of Nepal Rastra Bank who helped me in providing sufficient materials.

This research study "Interest Rate Assessment of Commercial Bank and Its Impact upon Deposit and Lending, (With Reference to NIBL and BOK)" has been carried out in partial fulfillment of Master's Degree of Business Studies (MBS). During the course, I worked with sincerity, honesty and diligently, as far as possible. But beside my continual efforts, I also got unforgettable support from different people and parties. I am extremely grateful and overwhelmed by their support while completing my work.

Last but not least I am greatly indebted by my all friends and family members who helped me directly and indirectly by sharing ideas, giving me encouraging and suggestions in writing this thesis and making it possible.
