## ACKNOWLEDGEMENT

I am so much grateful to all of them who have rendered kind and precious support to come up this study into this form.

I would like to express sincere gratitude and heartiest honour to my dissertation supervisor Dr. Laya Prasad Uprety, an Associate Professor, Central Department of Sociology and Anthropology, Tribhuwan University for his academic guidance, continuous co-operation and constructive suggestions in this study which would not be completed without his assistance. I would also like to express my gratitude to Dr. Om Gurung Head of the Department of Sociology/Anthropology, and Lecturer Shambhu Prasad Kattel, Tribhuwan University for their kind support.

I am greatly indebted with the Department of Sociology/Anthropology, Tribhuwan University, Kirtipur for providing me the permission to carry out my present dissertation. I am grateful to all the faculty members for their encouragement, support and guidance.

I also extend my gratefulness to Mr. Dadhiram Neupane, Chairman of Char Tapah Irrigation System, and to all the members of executive committee at different level, who provided necessary information to this study.

Similarly, I would like to thank to all the informants, local intellectuals and members of Motipur, Pharsatikar and Semlar VDCs, Butwal Municipality, District Agricultural Development Office Rupandehi, Farmer Managed Irrigation System Promotion Trust Kathmandu, Nepal for providing valuable information and kind support.

Finally, I am thankful to all my colleagues, friends, family members and all those people who helped me in this study.

Bishnu Kumari Chherti

September, 2011

## TABLE OF CONTENTS

	Page
<b>Chapter –I Introduction</b>	<b>1</b>
1.1 Background of the Study	1
1.2 Statement of the Problem	3
1.3 Objectives of the Study	4
1.4 The Conceptual Framework	5
1.5 Rationale of the Study	6
1.6 Organization of the Study	6
<b>Chapter –II Review of Literature</b>	<b>8</b>
2.1 Common Property Resources: Definitions and Debates	8
2.2 Literatures on Farmer Managed Irrigation System in Nepal	11
2.3 Issue of Equity and Justice in Resource Mobilization	16
<b>Chapter –III Research Methodology</b>	<b>23</b>
3.1 Rationale of the Selection of the Site	23
3.2 Nature and Sources of Data	23
3.3 Design, Size and Selection of Sample	24
3.4 Techniques of Data Collection	24
3.5 Data Presentation and Analysis	26
3.6 Limitations of the Study	26
<b>Chapter –IV General Description of the Study Area</b>	<b>27</b>
4.1 Physical/Environmental Description	27

4.2 The Structural Aspect of Canal	29
4.3 Socio-Economic Characteristics of the Study Area	32
4.3.1 Educational Status of the Command Area	34
4.3.2 Subsistence Pattern	36
4.3.3 Agriculture	36
4.3.4 Cropping Pattern	38
4.3.5 Animal Husbandry	39
4.3.6 Other Economic Activities	40
<b>Chapter –V Organizational Activities</b>	<b>41</b>
5.1 Brief Introduction of the Irrigation System	41
5.2 The Organizational Structures	42
5.2.1 Char Tapah Joint Management Committee	43
5.2.2 Membership	44
5.2.3 General Meeting of Committee	45
5.2.4 General Assembly and Meeting	46
5.2.5 Executive Committee	47
5.3 Irrigation Activities	50
5.3.1 Construction	50
5.3.2 Operation and Maintenance	51
5.3.3 Water Acquisition	52
5.3.4 Water Allocation and Distribution	52
5.3.5 Resource Mobilization	53
5.3.6 Decision Making and Planning	54
5.3.7 Conflict Management	55
5.3.8 Graduated Sanctions	56
5.3.9 Communication and Co-ordination	57

5.4 Social and Organizational Change	58
<b>Chapter –VI Equity Aspect</b>	<b>61</b>
6.1 Transparency and Accountability	61
6.2 Social Equity	64
