ACKNOWLEDGEMENTS

My sincere gratitude goes to my thesis supervisor, Assistant Professor Mr. Naveen Adhikari, who in spite of his busy schedule and commitment had extended careful guidance and precious advice remained as a constant source of inspiration throughout this work.

I am extremely grateful to the Head of Central Department of Economics Associate Prof. Ram Prasad Gyanwaly for providing me this opportunity. I also owe my gratitude to all the teachers of Central Department of Economics and non teaching staffs without their direct and indirect help this work would not have completed.

I would like to express my special thanks to my brother Niraj Shah who helps me for the data collection. I would like to thanks to all respondents children and key informants for providing necessary information curiously and my friend Pramila Niraoula and all my friends of campus for their kind cooperation in providing all sorts of information that this study needed.

Last but not least, I would like to thank my husband and my family member for their constant support and enthusiasm for the study.

April 2013

Sunita Shah
