ACKNOWLEDGEMENT

This study is mainly concerned with the Nepalese Initial Public Offerings. The completion of the present study is a result of help and support of several hands. Therefore, I would like to express my heartfelt gratitude to all those respondents for their help and support.

I would like to give my sincere gratitude to my thesis supervisors: Snehalata Kafle, Professor of Shanker Dev Campus and Pitri Raj Adhikari Lecture of Shanker Dev Campus for their precious guidelines and support from the time of selection of the topic and throughout the course of the study despite the busy schedule.

I express my heartfelt thanks to the staff of SEBON, NEPSE, Issue Manager/Broker, Selected listed companies, Research Department of NRB, Individual Investors and Experts for providing all necessary data and required information for this study.

Similarly, I thank librarians of Shanker Dev Campus, Tribhuvan University, for providing various books, reports journal and other publications. I am indebted to my friends Damoar Pkhrel, Sanjiv Karki, Roshan Shrestha, Biash Khadka and Madhav Nepal for motivation during the course of my thesis.

Finally, I would like to thank to all the well wishers who have directly or indirectly contributed to accomplish this study.
