ACKNOWLEDGEMENT

This research work would not have come to this form without cooperation, support, and encouragement of a number of individuals.

I am highly indebted and would like to express my profound gratitude to my thesis supervisor Dr Sandhya Basnet who has been a source of inspiration for me from the very beginning of this research work. Her scholarly guidance, stimulating suggestions, insightful ideas and regular encouragement has made this research paper come in this form. Without her support, this work would not have been existed.

My sincere gratitude also goes to Mr Maheswar Ojha for his support in collecting the materials and designing the research framework.

I would like to thank all the authors and publishers whose books, journals and articles have been use for various purposes during this study. I want to express my sincere gratitude to all the respondents for their kind cooperation. I cannot forget the contribution of my friends and family members (Mum-Dad, Tapraj, Laxmi, Basanti, Pankaj, Manohar) for their support and best wishes while carrying this research. They are the people who have always worked as the backbone of my progress.
