## ACKNOWLEDGEMENTS

First, I would like to express my deep sense of gratitude to my respected supervisor Ms. Puspa Sharma, lecturer at the Central Department of Geography, T.U, Kirtipur for her valuable suggestion, encouragement, cooperation and constructive criticism.

I would also like to thank teacher Prof. Puskar Pradhan, Ph. D, Head of Central Department of Geography, T.U, Kirtipur for providing me such grateful opportunity to conduct this research and giving me valuable suggestion, encouragement, supports and constructive comments.

I am equally thankful to the female tempo drivers and the other key personal who provided all the necessary data and possible help to accomplish the field survey for this thesis.

Likewise, I would like to express my sincere gratitude to all of my respected teachers and all the staff of Central Department of Geography, for their kind cooperation and continuous encouragement during various stages of preparing this thesis.

I am very thankful to all my friends, family members, all my classmates for their kind cooperation and great suggestions.

Last but not the least, I would like to express my sincere gratitude to my husband Mr. Suresh Joshi for his regular encouragement, suggestions, warm family affection and constant help to this level.

Shanti Basnet
