## **ACKNOWLEDGMENT**

It was a great pleasurable experience for me to prepare this report entitled “IMPACT AND CHALLENGES OF MERGER AND ACQUISITION IN NEPALESE COMMERCIAL BANK” as a part of the fulfillment of Master Degree.

I am thankful to everyone who has encouraged me and helped me in the process of preparing this thesis. I would first like to thank my thesis advisor Mr. Shantosh Kumar Ghimire lecture of Central Department of management. He was always there whenever I ran into a trouble spot or had a question about my research writing.

Needless to say “error is human” and I cannot be the exception. I apologize for any error and mistakes committed. I hope the possible errors would be covered by subsequent studies in future.

I owe great intellectual debt for support and immense contribution to sample bank’s staff. I am thankful to staff member of Central library of Tribhuvan University who provided the reference and reading materials during the period of research work.

Finally I must express my very profound gratitude to my family and my ever supporting friends for providing me with unfailing support and continuous encouragement throughout my years of study and through the process of researching and writing this thesis. This accomplishment would not have been possible without them.

Thank you.
