RECOMMENDATION LETTER

It is certified that thesis entitled **Impact of dividend policy on stock price of commercial banks in Nepal.** Sirjana Bhatta is an original piece of research work carried out by the candidate under my supervision. Literary presentation is satisfactory and the thesis is in a form suitable for publication. Work evinces the capacity of the candidate for critical examination and independent judgment. The thesis is forwarded for examination.

Prof. Dr. Ramji Gautam Supervisor, February, 2020

APPROVAL SHEET

We, the undersigned, have examined the thesis entitled **Impact of Dividend Policy on Stock Price of Commercial Banks in Nepal** presented by Sirjana Bhatta, a candidate for the degree of **Master of Business Studies** (MBS) and conducted the viva voce examination of the candidate. We hereby certify that the thesis is worthy of acceptance.

Acknowledgement

It is a pleasure to experience own creation that adds value to others. Actually this thesis is the partial fulfillment of requirements for Master's Degree of Business Studies (MBS) and I gained a lot of knowledge while doing it. Every project whether big or small is successful largely due to the effort of a number of wonderful people who have always given their valuable advice or lent a helping hand. I sincerely appreciate the inspiration; support and guidance of all those people who have been instrumental in making this study a success.

My foremost appreciation and thanks goes to my honorable supervisor, Prof. Dr. Ramji Gautam Central Department of Management, Tribhuvan University for his close supervision and professional advice and encouragement during the research work. I am highly indebted and very thankful for his continuous support and constructive suggestions that have enabled this research project to achieve its present form. Moreover, I am also indebted and thankful to him for his patience, motivation, support, instruction and immense knowledge in completing my overall MBS degree. I could not have imagined having a better advisor and mentor for my thesis.

I would like to express cordial gratitude to Prof. Dr. Sanjya Kumar Shrestha (Chairman Research Committee) for his timely and continuous guidance throughout the study. Likewise, I am grateful to Prof. Dr. Ramji Gatuam I, the head of Central Department of Management (CDM) and also highly appreciate the efforts of all teacher and other members of central department of management, libraries staffs who inspired and provided the needed materials to complete this thesis.

Last but not least, I would like to thank my family members and friends for their affection and emotional support that has inspired me to achieve every success including this study. I would also like to take full responsibility of any kind of deficiency presented in this thesis.

ABSTRACT

This study aimed to examine the impact of dividend policy on stock price of commercial bank in Nepal. The research analyzed of dividend policy like earning per share, dividend per share, dividend payout ratio, price earning ratio and dividend yield ratio against the market price per share which was used as impact od dividend policy on stock price of Nepalese selected commercial banks. Secondary data were collected from Nepal Rastra Bank, annual report of commercial banks, different published articles. For years from 2010/11 to 2018/19 (fiscal year). Data were analyzed by using appropriate the descriptive research design was used. The correlation and multiple regression model was used to explain the relationship and test the significance between dividends and stock price.

The finding from this study indicate there is positive relationship between Market price per share on Earning per share, Dividend per share, Price earning ratio and negative relationship between Dividend payout ratio and Dividend yield ratio. There is significant correlation between Market price per share on Dividend per share, Dividend payout ratio and Price earning ratio. There was insignificant correlation between Market price per share and Earning per share as well as Market price per share and Dividend yield ratio. The recommendation that each and every firm should provide the information regarding dividend policy and its activities and performance investors can analyze the situation and invest their money in the firm. So, investors should consider for their investment decision while predicting future dividend.

Key words: Market Price per Share, Earning per share, Dividend per Share, Dividend Payout Ratio, Price Earning Ratio, Dividend Yield Ratio.
