Acknowledgement

It is great pleasure to express my sincere gratitude with deep appreciation to every one for their valuable contribution, support and gratitude during the period of my research. It is difficult to draw up a list of persons to be thanked because several people have helped in preparation of this report in diverse ways. Knowledge itself is cumulative so it difficult to acknowledge intellectual ideas. It is impossible to acknowledge all those who contribute to this study. But some persons need to be publicly acknowledged.

I am heartily thankful to my supervisor, Mrs. Ruchila Pandey, Associate Prof, Shanker Dev Campus, whose encouragement guidance and support from the initial to the final level enabled me to develop an understanding of the subject. I sincerely appreciate her cordial support, guidance and patience.

I am also very much indebted to Mr. yogendra Thapa of NRB, Similarly I would like to express my heartily thanks to all who support to complete this thesis by giving their valuable suggestion and favorable cooperation during the study period.

At last but not least I cannot remain without thanking to my family members whose regular inspirations and invaluable help are the secrets of my success.
