It is really an appreciable curriculum of T.U. because it helps the students to express their theoretical concept achieved during the study period into the practical field.

At first, I would like to pay thanks to my father and mother as well as my brother who headed me towards the light of education and path of truth. Due to their non-stopping effort for guidance, today I come in this position. So I would like to share the credit of my success with them. I'm really indebted to them.

After this, I would like to express my deep gratitude to my thesis supervisor Chudamani Pandeya of Nepal Commerce Campus, under whose guidance, suggestions and timely supervision I got the opportunity to perform this research. Without his valuable suggestion and time, I would not have been able to complete it in this form.

I would also like to express my gratitude to all other members of Nepal Commerce Campus, especially, staffs from MBS department, library staffs as well as all known and unknown people who supported as well as inspired me to complete this thesis. Similarly, I am very grateful to my respective friend Mr. Nirajan Parajuli. My next thanks go to all the staffs of HBL, EBL and NIBL.

Finally yet importantly, I am greatly indebted to my all friends. In this regard for their motivational effort and support, even though they have very busy hour.
