ACKNOWLEDGEMENT

The research entitled “Economic Impact of Remittance on Household Economy A case study of Muralibhanjyang VDC Dhading District Nepal” has been prepared for the partial fulfillment of the requirement for Master Degree of Arts in Economics.

It has been a truly great experience to work under the guidance and supervision of Prof.Dr. Devendra Prasad Shrestha. I would like to express my appreciation for his relentless support and motivation. I also feel privileged to express my gratitude to all the faculties of Central Department of Economics for their gracious response to my queries.

I am equally grateful to Mr. Mahesh Acharya for his contribution in the preparation of this report. This Graduate Research Project could not have been completed without his constant feedback, encouragement, patience, and guidance at every stage of my work.

I would like to thank all the non-teaching staff members of Central Department of Economics and all the staff members of Central Library, T.U. Kirtipur, for the help they extended to me during this project in several ways.

Sincere thanks goes to all the respondents and their families who provided necessary information by answering all my questions in the interview. and helped me in this research. I also appreciate help provided by my family and friends in writing this report. I would also like to owe a deep debt of gratitude to the authors of different literature reviews mainly cited in the reference provided in the research report. My sincere appreciation is extended to Tribhuvan University Kirtipur Kathmandu for providing valuable opportunities and a platform for conducting this research.

Lastly, I express my thanks to all those who have helped me directly or indirectly to complete this research work.

Sincerely,
Ranjana Koirala
