ACKNOWLEDGEMENT

This dissertation would not have been possible without the generous assistance and cooperation of many contributors. I therefore wish to convey my heartfelt thanks and sincere appreciation to the following people for the contribution they have made towards the completion of this study.

I would like to express my sincere thanks to Prof Dr. Azay Bikram Sthapit for his selfless guidance throughout the study. Likewise, Mr. Shankar Thapa deserves special thanks for their special thanks for their assistance in the methodology part.

Mr. Prem Kaji Vaidya and Mr. Bharat Aryal from Securities Board of Nepal, SEBON have cooperated well in the course of data collection. I would like to thank them both for their hospitable approach and kind support.

I am equally thankful to my friends Kamal, Jyoti, Rakesh, Subhas and Ujwal who have put in their best efforts to work together as a team. Our bonding during this study had been a critical factor in conducting this study at a new level.

Thanking you all,
Iswin Sharma.
