ACKNOWLEDGEMENTS

Throughout the research I have received help from many people, whose contributions have made this thesis truly a unique and wonderful learning experience.

First and foremost, I would like to acknowledge my brilliant thesis supervisor Mrs. Shyamu Thapa Magar for taking time and trouble to go through my research several times in order to point out all my mistakes and for assisting me through out the study.

My heartfelt gratitude goes to ViswaNiketan Higher Secondary School and its family for their kind and continuous co-operation and for providing the respondents for the research. Special thanks go out to my father Mr. NareshMan Shrestha, the head teacher of Viswa Niketan Higher Secondary School for helping me in selecting the topic for my study and explaining the possibilities about how the study can be carried out.

I would also like to thank all my friends who accompanied me during data collection.

Last but not the least, I would like to thank all the people whose names have not been mentioned, but were a part of the study.

I hope that the people who go through my research will find it insightful and at the same time enjoyable.

Neeta Shrestha
