ACKNOWLEDGEMENT

I would like to express my sincere thanks to department of sociology for their kind support and suggestion in my research work.

I am deeply indebted to my supervisor Prem Bahadur Chaulane for his encouragement, invaluable comments and constant guidance during the entire research process. Without his kind co-operation and guidance this thesis could not have been materialized. I should never forget his friendly and cooperative behavior.

I would like to thank for Prof. Dr. Tulsi Ram Pandey, Heade of the department of sociology for his valuable suggestion.

On the whole I would like to express my cordial thanks to all those who have helped in this juncture directly or indirectly.
