ACKNOWLEDGEMENTS

This dissertation on '**CAUSES OF DRUG ABUSE AND THE ROLE OF REHABILITATION CENTER: A Case Study of Richmond Fellowship Centre, Kirtipur Kathmandu**' has been prepared as a partial fulfillment of the requirement for the Degree of Masters of Arts in Sociology.

This study would not have been materialized without continue support and cooperation from a number of individuals. I take this opportunity to thank them all.

I wish to express my sincere appreciation and heartfelt gratitude to my supervisor Dr. Sandhya Basnet, for her invaluable remarks, suggestions and support that made this thesis possible.

I would like to thank whole heartedly to all my respondents for providing their valuable time and information and making this thesis valuable. Without their cooperation this thesis would not have been completed.

Lastly, my deepest sense of gratitude goes out to my family and colleagues whose affection, encouragement and support helped me reach this stage.
