## Acknowledgements

I thank Mr. Laxman Bhatta for his unconditional guidance, motivation and other various assistances during the moment of preparing this thesis. I would like to extend my hearty gratitude to him for his constant support in understanding various aspects of the counter upon mainstream value of American and providing the constructive feedbacks to carry out this research.

I also thank Prof. Dr. Anirudra Thapa, Head of Central Department of English, for accepting my thesis proposal and inspiring me to complete this work. I am equally pleased by the role of respected teacher Mr. Badri Prasad Acharya for his unconditional support and precious time for my academic guidance. This paper would have been less readable if he had not suggested the rightful feedbacks and materials on right time. Similarly, I am grateful to -Dr. Komal Phuyal and other Lecturer of Central Department of English for their emotional and academic upliftment.

Indeed, my thesis would have been impossible without the constant love and compassion of my parents Dharma Jivi Lamsal and Shova Lamsal. In addition, the role of my family members and relative has been useful to complete this task.
