Theoretical knowledge alone is cannot suffice the need of modern student. Students should also posses great deal of practical knowledge to cope with this competitive world. Tribhuvan University (T.U.), being aware of this fact, has been changing its course curriculum time and again to cope with the changing environment of the world. Thesis Report writing in MBS 2nd year, is one among such T.U.'s effort, which enhances practical knowledge and cater real world experience among the students. This is highly commendable

I feel too much happy to have chance to express gratitude and thanks my respected Gurus and helpful colleagues. I wish to express my sincere and deep gratitude first and foremost to my respected supervisor Mrs. Rita Maskey and Mrs. Meera Gautam, who helped me by giving invaluable suggestions and providing me guidelines for completion of this thesis. Had I not obtained her kind guidance, my thesis would not have appeared in this form. I have no words to express my gratitude to her for his untiring help and valuable advice.

Last but not least, I would also like to extend heartfelt gratitude to my colleagues who contributed heavily in this report. I would like to thank Ms. Samita Shrestha, Mrs. Sony Shrestha and Mrs. Nirmala Shrestha for their invaluable suggestions and never ending support.
