ACKNOWLEDGEMENT

This study is mainly concerned with the Nepalese Initial Public Offerings. The completion of the present study is a result of help and support of several hands. Therefore, I would like to express my heartfelt gratitude to all those respondents for their help and support.

I would like to give my sincere gratitude to my thesis supervisor; **Joginder Goet**, lecturer of Shanker Dev Campus for his precious guidelines and support from the time of selection of the topic and throughout the course of the study despite his busy schedule.

I express my heartfelt thanks to the staff of SEBON, NEPSE, Issue Manager/Broker, Selected listed companies, Research Department of NRB, Individual Investors and Experts for providing all necessary data and required information for this study.

Similarly, I thank librarians of Shanker Dev Campus, Tribhuvan University, for providing various books, reports journal and other publications. I am indebted to my friends Tulasi Dahal, Hem Chaulagai, Dilip Rijal, Dikesh Karki and Kamal Khatri for motivation during the course of my thesis.

Finally, I would like to thank to all the well wishers who have directly or indirectly contributed to accomplish this study.

Chandra Mani Dahal

Researcher
