## Acknowledgement

First of all I would like to extend my sincere and heartfelt gratitude to my dissertation guide Mr. Sher Bahadur Rayamajhi, Assistant Lecture of Birendranagr Multiple campus, Surkhet. This dissertation is completed under his close supervision and guidance. I found him as very excellent guide and co-operative person. He never felt any bore and hesitation to give suggestion in many topics of my study.

I am greatly appreciated to German Medical doctor Ulf Neuman Basting Working in INF Surkhet programme. He contributed by providing international data about HIV/AIDS from the Internet. My Boss Mr. Udayanath Yogi also provides national and local data about HIV/AIDS. I also express many thanks to Mr. Udayanath Yogi for his valuable contribution to perform this study.

I feel very happy to say many thanks to my Baby Asmita Subedi who was very active and curious to help me for tabulation of data. I cannot stray without expressing heartfelt gratitude to Mr. Birkha Raj D.C. and Nav Raj Rokaya, member of the **Computer Helpline** kalunchok, Surkhet to Computerize all my dissertation.

Similarly, I am pleased to express my deep appreciation and gratitude to my spouse Mrs. Indra Subedi for helping me for data collection in the field and creating harmonies environment managing all my household matters successfully.

Finally, I would like to express my appreciation and gratitude to all my respondents of study area for providing their valuable time and information about their understanding about HIV/AIDS.
