ACKNOWLEDGEMENT

As the partial fulfillment of the MBS degree, I have prepared this report. During the course, I worked with sincerity and honesty, as far as possible. But beside my continual efforts, I also got unforgettable support from different people and organizations. I am extremely grateful and overwhelmed by their support while completing my work.

Firstly, I would like to pay homage to my father and mother as well as my brothers who headed me towards the light of education and path of truth. Due to their non-stopping effort for guidance, today I have come in this position. So I would like to share the credit of my success with them. I'm really indebted by them.

After this, I would like to express my cordial gratitude to all of my teachers, who taught me up to now. For this dissertation, I would like to pay my sincere thanks to my thesis supervisor- **Dr. Kamal Deep Dhakal**. His incessant suggestion and guidance from the beginning to the end is really an appreciable effort. His valuable support for the preparation of proposal to thesis is really praise worthy things. I am extremely indebted by his efforts despite of his busy schedule.

I would also like to express my gratitude to all other members of Shanker Dev Campus, especially, staffs from MBS department, library staffs as well as all known and unknown people who supported as well as inspired me to complete this thesis.
