ACKNOWLEDGEMENTS

I am very much indebted to my research guide **Dr. Tara Datta Bhatta**, whose painstaking efforts in providing me with scholarly guidance and constant encouragement, and invaluable support both at professional and personal levels made this study possible to complete in time. His patience, enthusiasm, co-operation, suggestions and keen interest in this study are every memorable. His rigorous efforts made me present this research work in this form.

I would also like to express my sincere gratitude to **Mr. Amirman Shrestha**, Reader and Head, Department of English Education, Prithvi Narayan Campus, Pokhara, for his suggestions and encouragement. I am equally indebted to **Mr. Tirtha Raj Aryal, Mr. Bishnu Hari Timisana, Mr. Yam Bdr. Chhetri** and other members of the department for their encouragement and constant support during the research.

I am extremely thankful to all my dear students, teachers and principal of Shree Khaireni Higher Secondary School. Similarly, I am equally grateful to my friend **Mr. Narayan Prasad Sapkota** who thought himself as next me for the timely completion and making this research report readable and authentic. Likewise, I owe my thanks to my brother **Om Prakash**, my brother-in-law **Surya Ratna**, and my nephew **Dil Bahadur Ranabhat** for their constant support.

Finally, I feel pleasure to express my special thank to **Surya Adhikari** for typing of this thesis and **Bhawani Prasad Parajuli**, Managing Director, Sugam Computer Sewa, Pokhara-1, Bagar for setting and binding of this thesis.

ABSTRACT

The present study entitled ‘Effectiveness of Using Pictures in Teaching Vocabulary in Primary Level’ was carried out to determine the effectiveness of pictures in teaching vocabulary in primary level. 50 Students of grade one studying at Shree Khaireni Higher Secondary, Khairenitar 8, Tanahun were the sample population of this work. The tests (pre and post) were the major tools for data collection. A pre-test was administered before actual experimental classroom teaching, and post- test was administered immediately after classroom teaching. I was involved in the experimental teaching for the purpose of carrying out this research. After administering the pre-test, the students were divided into two groups on the basis of section division. One group (Group A) was taught by using pictures whereas another group (Group B) was taught using traditional methods. Each group attended fifteen lessons. Then, a post –test was administered. After that, the results of these tests were compared to determine the effectiveness of picture technique in teaching vocabulary items. From this research, it was found that the students who were taught through picture technique were found to have better result than the students who were taught through traditional technique. The findings of this study were determined on the basis of average marks obtained by the students and differences in percentage.

This thesis consists of four chapters. Chapter one consists of brief introduction to related field of the study. It includes objectives, literature review and significance of the study. Chapter two deals with the methodology and procedure adopted during the study. Chapter three deals with the analysis and interpretation of the study under different headings. Chapter four comprises findings and recommendations of the study in brief.
