ACKNOWLEDGEMENT

This thesis report is the outcomes of the combined efforts from various personnel and organization. This report wouldn't have come to this shape without their coordination and support. First and foremost I would like to owe my sincere to Dr. Bihari Binod Pokhrel, head of Research Department, Nepal Commerce Campus (NCC) for his supervision and guidance. The continuous monitoring, correction, and suggestion from Dr. Pokhrel is highly acknowledged from the inner court of my heart. Mr. Ramesh Rasik Paudel, the supervisor of the thesis work also deserves my words of thanks for the special guidance.

On the organizational side, Mr. Deepak Raj Kafle, chairperson of Nepal Securities Board (NSB) for the support of secondary data required for this research work. I can't ignore mentioning the contribution rendered by the employees of the Securities Exchange Board, Nepal (SEBON). Those people were really cooperative to my informational requirements so they are thankful from the core of my heart.

Mr. Darbin Babu Dahal (An ACCA Final Paper Student) deserves my special thanks for his invaluable support and cooperation to bring this thesis in to existence. As a part of my fortune Mr. Nabin Risal, a research student at University of Nebraska was here with me in Nepal for some time and I was highly supported by him. This contribution is memorable to me and I am indebted to these people as well.

Last not the least, I am thankful to those helping hands, who directly or indirectly have contributed to this thesis preparation, though the names of all may not have included here.

Thank you;

Usha Risal
