ACKNOWLEDGEMENTS

This work would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extended their valuable assistance in the preparation and completion of this study. It is to them that I owe my deepest gratitude.

Foremost, I would like to express my sincere gratitude to my supervisor Lecturer Dhruba Kumar Bhudathoki, for encouragement; guidance and support from the initial collection of vague ideas to the completion of this project as it stands now. Also I would like to thank the associate professor Dr. Puspa Raj Sharma for his valuable suggestions and comments for this thesis writing.

I would like express my deep appreciation to Kamal Chandra Devkota, Amar Gopal Shrestha, Naba Raj Koirala, Radhika koirala and Padma Koirala for assisting the documentation, printing and binding of this thesis and Purna Thapa from Beema Samiti who provided the valuable data needed.

I would like to express sincere gratitude and thanks to my family: my parents: Bharat Prasad Adhikari and Parbati Adhikari, who have always supported, encouraged and believed in me, in all my endeavors. I am also greatly thankful for my Brother Gana Shyam Adhikari, and Sisters Laxmi Adhikari, Dil Kumari Adhikari and Kalpana Adhikari for great support and encouragement. I would like to express special thanks to my wife Indira Koirala for continuous support and patience without which this effort would have been worth nothing, and my beloved daughter who spent many days with others to allow me to focus. I am deeply sorry for the time we spend apart.

Last but not least, I offer my regards and blessings to all of those who supported me in any respect during the completion of the project.
