Recommendation Letter

This is to certify that **Mr. Govinda Raj Gautam**, Student of academic year 2060/062 with campus Roll No: 21, Exam Roll No: 480394 and T.U. registration number 9-2-48-2396-2000 has completed his thesis under my supervision during the period prescribed by the rules and regulations of Tribhuvan University, Nepal. The thesis entitled on "*Mathematics Achievement in Grade 8 Examination between Parbat and Kaski Districts of Nepal*" has been Prepared based on the result of his investigation conducted during the Period 2064-2066 under the department of mathematics, Prithivi Narayan Campus, Bhimkalipatan, Pokhara. I recommend and forward that his thesis submitted for the evaluation as the partial requirement toward the degree of Master of Education.

DEDICATION

This work is affectionately dedicated to my parents Gajadhar Gautam, Chandrakala Gautam and also to my spouse Mrs. Rita Sharma (Gautam).

ACKNOWLEDGEMENTS

I would like to express my gratitude and gratefulness to my supervisor as well as my teacher, Mr. Maheshwor Pokhrel, the member of the department of Mathematics, Prithivi Narayan Campus, Pokhara who provided me with all sorts of basic ideas, instructions and invaluable scholarly guidance for carrying out this research work from the very beginning to the end and enabled me to present this dissertation in this form.

My Sincere gratitude also goes to Loknath Adhikari the head of Department of Mathematics. Prithivi Narayan Campus Pokhara, who provided me an opportunity to write this thesis by approving my proposal.

Similarly, I am very grateful to express my gratitude to Prof. Dr Krishna Kumar Shrestha, Manbahadur Bhujel, Bivab Neupane, member of department of mathematics education for their valuable comments and suggestions to bring the work into present form. My thank goes to district education office Kaski and Parbat and all staffs of these offices for their kind co-operation in the acquisition of achievement scores required for this study.

Further more, I am very grateful to my brother Mr. Prem Raj Gautam and Durga Prasad Gautam for their help and encouragement.

My thank goes to all the headmaster, mathematics teachers and students of the schools which are involved in this study.

Finally, I am obligated to all the friends who assisted me directly or indirectly in completing this study and to Sugam Computer Service, Bagar-1, Pokhara for effort in typing this thesis even in a small detail and difficult tables relevant to the study.

My special thank goes to my friends Mr Narayan Prasad Sharma, Ram Prasad Subedi and proof reader Mr. Daya Ram Ojha for their kind help and co-operation. It is obvious that without their help, this study would have never been completed.

Govinda Raj Gautam

ABSTRACTS

The main aim of this study was to compare mathematics achievement of the student of Kaski and Parbat districts regarding the Variables gender and rural-urban areas.

This study was limited in Kaski and Parbat districts. Only 479 students were selected from eight schools for the sample of this study. The test Score were collected, tabulated, analyzed and interpreted at 0.05 level of significance.

Based on the analysis and interpretation of the data the findings of this study were as follows:

1. There is a significant difference between the achievements in mathematics of students from Kaski and Parbat districts.
2. There is not a significant difference between the achievement in mathematics of male and female students of grade eight in Kaski districts.
3. There is a significant difference between the achievement in mathematics of male and female students of grade eight in Parbat district.
4. There is a significant difference between the achievement in mathematics of male students of Kaski and Parbat district.
5. There is not a significant difference between the achievement in mathematics of female students of Kaski and Parbat district.
6. There is not a significant difference between the achievement in mathematics of the students of rural and urban area of Kaski district.
7. There is not a significant difference between the achievement on mathematics of the students of rural and urban area of Parbat district.

8. There is a significant difference between the achievements in mathematics of the student of rural area of Kaski and Parbat districts.
9. There is not a significant difference between the achievements in mathematics of the students of urban area of Kaski and Parbat districts.

CHAPTER-IV

ANALYSIS AND INTERPRETATION 26

4.1	Comparison of Mathematics Achievement Scores of the Students from Kaski and Parbat Districts	26
4.2	Comparison of Students Achievement in Mathematics in Grade Eight Examinations According to Gender and Area in Kaski District	28
4.2.1	Comparison of Mathematics Achievement Scores of the Male and Female Students in Kaski District	28
4.2.2	Comparison of Mathematics Achievement Scores of the Students of Rural & Urban Area in Kaski District	30
4.3	Comparison of Students Achievement in Mathematics in Grade Eight Examination According to Gender & Area in Parbat District.	31
4.3.1	Comparison of Mathematics Achievement Scores of the Male & Female Students in Parbat Districts.	31
4.3.2	Comparison of Mathematics Achievement Scores of the Students of Rural & Urban Area in Parbat District.	33
4.4	Comparison of Students Achievement in Mathematics in Grade Eight Examinations According to Gender and Area in Kaski and Parbat Districts	35
4.4.1	Comparison of Mathematics Achievement Scores of the Male Students of Kaski and Parbat Districts	35

4.4.2 Comparison of Mathematics Achievement Scorers of the Female Students of Kaski and Parbat Districts	37
4.4.3 Comparison of Mathematics Achievement Scores of the Students of Rural area of Kaski and Parbat Districts	38
4.4.4 Comparison of Mathematics Achievement Score of the Students of Urban Area of Kaski and Parbat Districts	40
